Creative Production | Video Editing | Graphic Design | Brand Development | HVACR Field Experience

Pleasure Island, NC | atkinsconnorr@gmail.com | 910-612-0538 | [linkedin.com/in/connorratkins](https://www.linkedin.com/in/connorratkins)

Professional Summary

Multidisciplinary creative with 12 years of self-taught editing and design practice, 3 years of formal film/video education, and hands-on HVACR field experience. Known for perseverance, practical problem-solving, production instincts, design taste, communication, and a willingness to keep improving until the final result works.

Core Strengths

- Adobe Creative Cloud proficiency across editing, design, production, and visual development workflows
- Video editing, short-form pacing, student film production, commercial edits, interviews, and documentary work
- Graphic design, branding, logo concepts, apparel visuals, business cards, and social media-ready assets
- Flexible problem-solving from creative timelines to job-site field conditions and technical troubleshooting
- Strong communication, collaboration, self-direction, and continuous learning mindset

Experience

Creative Production / Video Editing / Graphic Design - Self-Directed and Freelance Work

2011 - Present

- Built a portfolio spanning portrait reels, school film work, music/sports edits, graphics, branding, and web presentation.
- Edited commercial, interview, documentary, student film, and social content with attention to pacing and visual clarity.
- Created brand systems and visuals including logos, apparel graphics, business cards, streamer assets, and promo material.
- Designed and maintained a personal portfolio website to present creative work and improve web/UI skills.

HVACR Installer / Field Work

2021 - Present

- Developed practical job-site discipline, patience, safety awareness, and calm problem-solving in demanding conditions.
- Applied trade experience, customer awareness, and hands-on technical learning to a broader creative/technical career path.

Education

Cape Fear Community College - Film and Video Production Technologies

- Dean's List for most attended terms; completed substantial production coursework with approximately 15 credits remaining.

Eugene Ashley High School - Adobe Creative Cloud Program

- Early foundation in Adobe Creative Cloud, digital design, and video editing.

Selected Portfolio Areas

- Video: 783 Photo to Video Commercial, Non Profit Documentary, interview work, student films, sports edits, and music edits
- Design: 2016-2026 graphic archive, brand identities, apparel concepts, 3D/2D experiments, and client-ready visuals
- Branding: logo systems, apparel branding, business card concepts, local business visuals, and social identity work

Tools and Working Style

- Adobe Creative Cloud, video editing, graphic design, brand development, production planning, web portfolio maintenance
- Work style: persistent, adaptable, communicative, self-taught, production-minded, and focused on cleaner execution over time
